# OUR CLIENTS

---

*I would absolutely 100% recommend Goldilocks for hosting your event. As a corporate team, we were lucky enough to have Goldilocks organise a summer party and we loved it so much, we just had to invite them back to create our Christmas circus themed extravaganza party!*

*What myself and my team adore about Sedona, is her ability to be so personable and positive not just throughout the party itself, but also when corresponding with her via email and prep sessions on Zoom.*

*They are so professional and organised and make it look effortless. There's no request too large as they will always go above and beyond in meticulous detail and thoughtful planning to make your event a roaring success. We can't thank Sedona enough and can't wait to have you back again!*

# HOW WE WORK

---

## Working with you to bring your event to life

We work with every client on a on-to-one basis to ensure each experience is totally unique.

Together we can create your perfect event, however big or small.

### To bring your dream to life, this is how we work with you:

**Step one:** Briefing call to understand who your event is for and the type of experience you're looking to create

**Step two:** Venue recce to understand the event space capabilities and what entertainment will work best in your desired location

**Step three:** An initial proposal outlining three different entertainment options catering to different price points

**Step four:** We will work your chosen package into a bespoke plan to meet your brief

**Step five:** Once your package has been designed, it's time for you to sit back and relax whilst we make the magic happen. We'll see you on the night!
